

This is to certify that

Wellington Combined Taxis Limited

Meets the requirements of carbonZero^{Cert™} service certification having measured the cradle to grave life cycle greenhouse gas emissions of its selected taxi service in accordance with PAS 2050:2011, committed to managing and reducing the emissions intensity of the product and neutralised the remaining unavoidable emissions through the cancellation of an appropriate number of verified carbon credits in respect of the selected taxi services excluding Wellington Combined Shuttles.

A handwritten signature in blue ink that reads "K. Tipper".

Karen Tipper - Certifier
