

Energy Saving Stylish Windows & Doors

Perfect for the New Zealand Climate

Advantages & Qualities

Trust in Weathertight Windows

At Weathertight Windows and Doors we believe great business is built on trust. Deceuninck profiles are the number one choice for UPVC window and door profiles in New Zealand. We aim to provide our customers with a truly exceptional product coupled with a friendly, professional service you can always rely on.

Our dedicated team will guide you through the process of purchasing your windows and doors right through to completed install to ensure that you are completely satisfied.

Fire Safety

Fire tests have shown that Deceuninck materials are naturally flame retardant throughout their product life. They will not cause, support or enhance the development of accidental fire. Unlike timber windows, the Deceuninck profiles do not support combustion and are in fact self-extinguishing.

Material & Structural Performance

You are only as good as your track record. The longevity and superior quality of this material has been conclusively proved for over 40 years. Deceuninck's material compound performs and exceeds worldwide standards for strength, durability, heat-stability, colour retention, and termite-resistance.

Thermal Efficiency Insulation

At Deceuninck, we've got you covered in all climates. From the hottest summers to the iciest winters, Deceuninck windows and doors help you to enjoy a perfectly comfortable atmosphere in your home. Our patented design keeps you insulated from the outside temperatures, providing you the best available thermal performance possible today.

Maximum Water Tightness

Deceuninck windows and doors systems have been successfully used in swimming pool facilities, marine and ocean environments without any detriment to its surface-finish or performance. Weather-tightness and its resistance to driving rain is one of the main assets of Deceuninck windows and doors.

Maximum Wind Tightness

Due to our high-quality material properties and gasket technology, Deceuninck windows and doors are ideal for installation in seaside locations and areas with extreme wind exposure. Salty air, strong wind and extreme weathering has no effect on performance.

Weather Resistance

Deceuninck's ongoing development of material technology gives you a long lasting quality product. A longer useful life means peace of mind and a great looking window that continues to improve the value of your biggest asset, your home. Extreme temperatures and severe weather exposure has no effect on doors and windows, continually performing perfectly in all conditions.

Material & Structural Performance

Deceuninck windows and doors system do not require regular re-painting and expensive maintenance. They will not rot, warp nor corrode, even in tropical and salty coastal climates. Maintenance is simply a quick and easy clean and does not involve any further costs.

High Security

Highly-secure windows and door profiles made by Deceuninck offer the best solution for increased safety in your home. Our special fittings, glazing and expert installation provide enhanced security for your family.

High Sound Insulation

In our busy lives, the hustle and bustle of every day living leaves us craving a little peace and quiet when we want it. Protection from noise is an important characteristic of a modern window, ensuring a comfortable life, both at home and in the office.

Windows

User Friendly, Modern and Secure

Four Seasons Deceuninck Tilt & Turn, Casement & Awning windows are a modern engineering marvel. Proof that even the most technical aspects of design can yield beautiful results.

Windows are the face of your house; their design reflects your personality and delivers your style to the outside world. Not only do they brighten your day and allow in light, they cater to your well being by protecting you from undesirable weather and undesirable intruders. User friendliness should never be compromised so our innovative hardware technology provides your family the key to security and modern living.

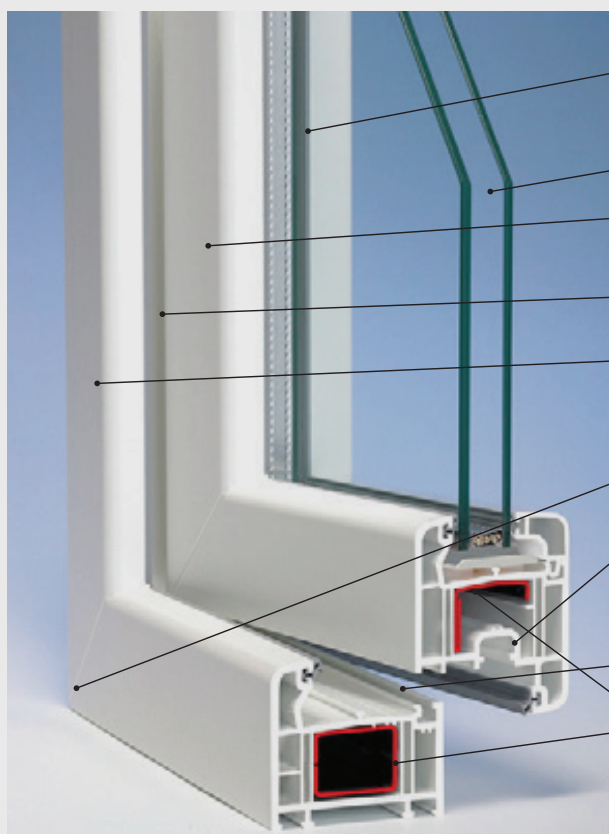

Deceuninck windows offer simplicity and delivers perfect harmony with both the architecture and the decoration of your house. Its warm and soft lines hint at the origins of a classical and modern style. Its tactile features achieve the aesthetic balance not only with its image, but also with the sense of strength it provides when you touch it.

Protection and Security

Your family is your world and protecting them is an instinctive part of our nature. The need for protection and security is part of our lives from a young age to adult hood.

Protecting our material possessions is also important and feeling safe and secure in our homes is as simple as choosing the right doors and windows. Deceuninck's high security hardware and excellent frame strength gives you that peace of mind.

Doors

Are you on the safe side?

Your new Deceuninck door is much more than a beautifully designed portal to the outside world. It's also unequalled in strength, security and fully guaranteed to perform as well in years to come as it does today.

It's up to you! The safety of your family is in your hands. Act now and take positive steps towards keeping them safe.

Most burglars give up their attempt in under three minutes if they are faced with a solidly locked entrance.

The Deceuninck door has many obviously noticeable devices that are designed to immediately discourage any burglars.

- Solid and substantial hinges
- One - piece multi point locking system
- Effectively secured lock technology
- Security locking strikers
- Easy-to-use locking mechanisms with a key and/or lever operators.

Unlimited Opening Width

Effortlessly smooth-sliding and beautiful, our impressive sliding doors create a vast amount of unimaginable space and an inviting contemporary character.

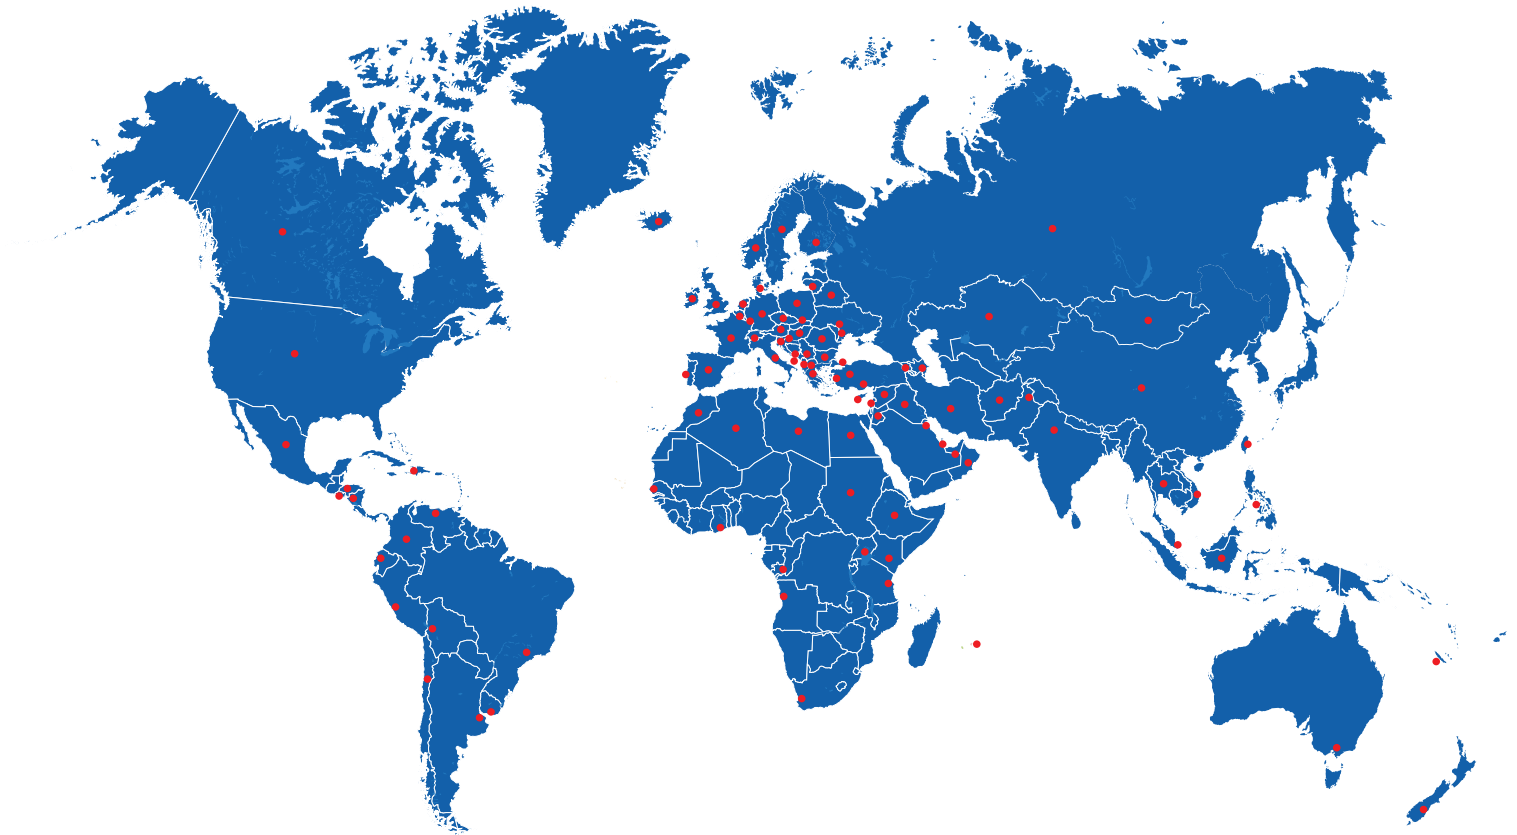

Have as much light, air and freedom of movement as you wish. Deceuninck sliding system open your rooms in a most elegant and efficient manner.

- Opening width up to 5.7 m
- Up to 6 movable panels can be arranged in any desired combination
- Heavy duty ball-bearing roller provides smooth running and easy operation
